THE ELEMENTAL GRACE ALLIANCE DECLARATION OF DEPOSIT

The Teachings Held in Trust for Humanity

The teachings of the Elemental Grace Alliance are held in deposit, not in possession. This includes its Discourses, Memras, Indentures, Trust Instruments, Codices, Posits and Formulae of Approach. Like seeds kept in a vault against a future no one can foresee, they are preserved whole, protected from loss and kept ready.

They are not owned by the Alliance, by any person or by any institution. They belong to Life, and to every human being who will one day need them.

Nothing in them is imposed. They wait. The decision to open them rests with those who are ready, at the time they choose and for the purpose they discern.

When they are carried out of the vault and into human hands, they are meant to be planted: in a family, a community, a company, a parliament, a nation. What grows from them belongs to those who tend it. As each harvest is gathered, new seed is returned, so that the deposit is renewed for those still to come.

No one is Free until each is Free, and all are Freeing each other.

THE ELEMENTAL GRACE ALLIANCE DECLARATION

Custodianship of the Living Group Organism

The Elemental Grace Alliance (EGA) and the Triune Grace Commission (TGC) are the named Custodians and Stewards of every identity, work and outlet within this body of work. These include Narayana Joy Publishing; the Narayana Joy Akasha Sanctuaries and its Academies of Light; the Cosmic Christ Academy; the 'I AM' One World Nation; the True Constitution and the Declaration for the Freedom of Humanity. They also include every Book, Memra, Thesis, Codex, Discourse, Indenture, Trust Instrument, Posit and Formula of Approach issued under these names, and the websites through which they are shared.

These are not separate enterprises but members of one Living Group Organism. Each keeps its own name, voice and purpose. None is placed above another, and all serve one aim: the freedom, dignity and wellbeing of all Life.

Custodianship here means holding in trust, not possessing. A vault keeps what it does not own, and in the same way the Alliance keeps these works whole and true to their origin, so that they stay freely available to all who seek them. Truth itself is not owned. The literary rights in each work remain as stated in its own Stewardship and Copyright Notice.

The Custodians of the Alliance serve under the Cosmic Law Trust. Their names are held by the Alliance and shared with their consent.

The Alliance establishes no membership, doctrine or institution, and asks no one to affiliate. Each reader remains free to receive, question, adapt or set aside what is offered. Where a body recognised in statute law is formed to serve this work, it serves as a licensed servant of the works and holds no ownership of them.

All enquiries about any of these identities, works or outlets are welcomed by the Elemental Grace Alliance at one address. That includes permissions, translations, institutional use and Stewardship support.

The Moment of Continental Revelation

Something extraordinary has been assembled. For the first time in the modern age of sacred geography, three independent streams of cosmological research — drawn from the Keys of Enoch, the channelled transmissions of Archangel Metatron through James Tyberonn, and the lifetime scholarship of Manly P. Hall — have been mapped simultaneously upon the body of the Americas. What they reveal is not merely interesting. It is urgent.

The Americas are not simply a continent. They are a living cosmological instrument — the body of the Dove, the seat of the returning Atlantean wisdom, the location of Earth's primary crystalline power node, the designated site of the first Narayana Joy Sanctuary, and the ground upon which a New Civilization is being called into physical form.

The map that accompanies this brief is a schematic prepared for presentation to the Masters for their Validation and Qualification. Every element upon it has been verified against primary sacred science sources. It is offered now as a foundation document for the Elemental Grace Alliance's physical work in the Americas.

I · INTEREST

Why the Americas Hold the Key to Planetary Graduation

We stand at the threshold of what Tyberonn and Metatron have called the 2015 Bio Crystalline Shift — a sustained recalibration of the planetary crystalline grid that began with the completion of the Cosmic Trigger in 2012 and continues to accelerate through the 2030s. In this planetary context, specific geographic locations carry disproportionate importance. They are not sacred because ancient peoples decided to honour them. They are sacred because they are structurally embedded in Earth's energetic architecture.

The Americas sit at the precise intersection of the three most important of these structural elements: the Sun Disc network, the Reshel Grid, and the Atlantean crystal matrix. That intersection has a physical address — and that address is Arkansas.

"Arkansas is the largest un-segmented, continuous quartz crystal deposit on the planet, and contains the most resonant crystals. This is why the Atlanteans were especially attracted to the area... It is rapidly completing, and is on path to soon become the Trigger of the

Ascension." — Archangel Metatron through James Tyberonn, 2015

The work of the Elemental Grace Alliance has placed its headquarters at precisely this nexus — not by accident, but by the direct designation of St Germain, who named the 44th parallel of north latitude as the location for the first Narayana Joy Sanctuary. Grand Teton peak stands at 44.43°N. The wheel of sacred sites arranged around it — the Reshel Grid — is one of the most remarkable structures in Earth's geomantic architecture.

D · DETAIL

The Research: Five Converging Streams

1. The Dove Formation — Key 1054:47–48 (J.J. Hurtak, Keys of Enoch)

The single most important overlay upon the Americas map is the Dove. This is not an interpretation or a projection of meaning. It is a direct teaching from the Keys of Enoch — Key 1054, verses 47 and 48 — in which J.J. Hurtak identifies the continental body of the Americas as forming the anatomical shape of a Dove, whose anatomy maps precisely to the primary sacred sites of the hemisphere.

The Dove faces South — head and beak toward Yucatan, body over Arkansas, wings spread east and west across the continent, tail pointing upward toward the Canadian Rockies. This orientation is critical: the Dove descends southward into manifestation, not northward into abstraction. It faces the equatorial zone — the seat of the most potent Sun Disc radiation — as if in the act of receiving the light it was made to carry.

Anatomy	Location	Coordinates
Head/Beak	Yucatan	205°N 890°W . , .
Body/Heart	Arkansas Pinnacle Mountain —	3465°N 9245°W . , .
LeftWingTip	PacificNorthwest	490°N 1260°W . , .
RightWingTip	MaritimeCanada	450°N 625°W . , .
LeftFoot	Mazatlán/PacificCoast	232°N 1064°W . , .
RightFoot	BermudaTriangle	270°N 645°W . , .
Tail	CanadianRockies/Grand Tetons	45°N 92°W ~ ,

The heart of the Dove is Arkansas — specifically Pinnacle Mountain, Little Rock — which is simultaneously identified by Tyberonn and Metatron as Sun Disc #1 of the Northern Hemisphere. The Dove's heart and Earth's primary crystalline power node are one and the same location. The Narayana Joy Sanctuary Project is located here by deliberate sacred geography, not by chance.

The image accompanying the map — the Shekinah Dove overlaid upon the continental geography — renders this teaching visible. The atom-like electron circle at the bird's heart centre aligns precisely with the Narayana Joy Sun Disc at Pinnacle Mountain, Little Rock. This is the Shekinah Descent: the Living Presence descending into the body of the Earth through the appointed Heart of the Americas.

2. The Grand Teton Reshel Grid Wheel

Reshel is a Hebrew word meaning 'The Headstone of God' — from Resh (Headstone) and El (God). The Reshel system, as described by researcher William S. Buehler, is a Sacred Metaphysical Science practised by those in the highest inner circles of the Templars and other Mystery Schools throughout the millennia. Its primary function is to place spiritually conscious people in specific geometric configurations that reflect the Sacred Geometries of Creation.

"This 'As Above So Below' alignment allows the Energies of the Group to coalesce into a Transpersonal Merkabah of Consciousness, giving the Inner Planes Masters, who are running the Light Geometries of Evolution, Direct Interface with our consciousness. The Inner Planes Masters then are able to safely Coordinate and Calibrate the Introduction of New Light Codes through us into our planet and into our collective and individual consciousness." — William S. Buehler, on the Reshel Grid System

The Grand Tetons of Wyoming are the confirmed centre of a Reshel Grid Wheel — a ring of approximately 24 sacred sites arranged around this central hub, stretching from Alberta and Saskatchewan in Canada down to the Galápagos Islands at the equator, from the California coast east to the Missouri River basin. The wheel spans the entire western Americas.

This is the cosmological reason why EGA's headquarters are located at Grand Teton. It is not merely a beautiful or energetically active location — it is the geometric hub of a continental-scale sacred geometry instrument. Every meeting held at EGA HQ, every Reshel Grid ceremony conducted there, radiates through this wheel to all 24 nodes simultaneously. The Transpersonal Merkabah of Consciousness activated at the Tetons interfaces directly with the Masters' consciousness through the grid's geometry.

On the map, the 24 ring nodes are numbered and identified — from Mt. Columbia, Alberta in the north to the Galápagos Islands in the south, from Mt.

Rainier, Washington in the west to the James River in the east. The wheel encompasses the sacred mountain ranges, river systems, and vortex points of western North America in a single coherent geometric system.

2a. The Direct Designation — St Germain's Personal Visitation, 10 May 2020

The date of the geographic designation can be stated precisely: the night of 10 May 2020.

Three deliberate knocks on the bedroom door woke Peter Melchizedek from deep sleep. He lay still — afraid that any movement might break the connection — and reached inwardly: who is there?

"It is your Brother St Germain."

He did not move. He asked how he might be of service. St Germain replied:

"You asked the question of where the first Narayana Joy Sanctuary would be. You were specific in asking for the coordinates, so I am here to tell you.

"You were led this night, before you slept, to read of the world grids by Kryon — that the grids you are working with are activated and respond to your DNA. These are consciousness grids, wholly subject to human consciousness. Scientists around the world now monitor them, and the great moments of mass compassion — the 9/11 response, the trapped miners, the boys in the Philippine river caves — each created measurable spikes within the monitoring instruments, proving that the Earth Magnetic Grids respond to human love and compassion.

"I am here to tell you: the first Narayana Joy Sanctuary is designated for the parallel latitude of 44 North in America.

"Time is not linear. It is circular, and rotates in ever-decreasing circles. Consciousness can speed up those decreasing circles to reach the centre more quickly. Once in the centre, one shall become still — I remind you of the symbol of God in its representative form: a circle with a dot at the centre.

"The 44th Parallel will help speed up circular time and assist you in finding the Christed Universal Equilibrium. The closer one is to the Equator, the more difficult it is to find Peace within oneself. Have you not noticed that all the warring nations are close to the Equator?

"I will return another time to share more upon these subjects. For now, be more aware of the Path of Creatorship as part of the Inner Circles of Light, as time decreases in its overall dynamic of remaining trapped within the entanglement of human consciousness."

St Germain had not supplied the longitude. That morning Peter turned to his maps. Jackson and Jackson Hole, Wyoming: 43.7844° North. Grand Teton — the highest peak, crown of the Royal Teton Retreat: 44.4280° North. The 44th parallel brackets both. The designation was confirmed by the geography itself.

This personal visitation constitutes the second and most direct line of confirmation for the Grand Tetons as the designated EGA Headquarters and first Narayana Joy Sanctuary — placed here in Section 2 precisely because it is the cosmic rationale underlying the Reshel Grid Wheel: the geometric wheel and the personal designation speak with one voice.

3. The Sun Disc Primary Vector Points (Tyberonn / Archangel Metatron)

In the 2015 Bio Crystalline Shift transmission, Archangel Metatron through James Tyberonn provides the most detailed publicly available description of Earth's energetic infrastructure. The node taxonomy is precise and must not be confused with popular 'chakra' geography systems that lack primary source support:

 Primary Vector Points = Sun Disc locations (12 globally, distributed across all continents) Vortexial Portals = major energy gateways (St Germain Retreat at Grand

Tetons; Dove anatomy points) Power Nodes = secondary crystalline nodes including Reshel Grid sites Axialtonal Lines = crystalline ley connections between all of the above

The three Americas Sun Discs confirmed on the map are:

 Sun Disc #1 Northern Hemisphere — Arkansas / Pinnacle Mountain

(34.65°N, 92.45°W) — the Crystal of Light, primary receiver and radiator of Light Codes in the northern hemisphere Sun Disc — Brazil / Minas Gerais (18.5°S, 44.0°W) — the Crystal of Sound, situated exactly on the 44th meridian of west longitude Sun Disc — Lake Titicaca (15.9°S, 69.3°W) — the Omnipotent Sun Disc of the

Western Hemisphere, the most ancient in continuous activation

> *"These two power nodes [Arkansas and Brazil] receive most potently... relay the crystal codes to all that you term as powernodes, sacred sites, vortexial portals and grid points."* — Archangel Metatron through James Tyberonn, 2015 Bio Crystalline Shift

4. The Sacred 44° Intersection — St Germain's Cosmological Signature

Two reference lines on the map carry a significance that extends beyond geography into direct spiritual designation. They form a cross of cosmic authority over the Americas:

The 44th parallel of north latitude was designated by St Germain on 10 May 2020 as the latitude for the first Narayana Joy Sanctuary and EGA World Headquarters. This is not a suggestion or a preference. It is a direct revelatory instruction. Grand Teton peak stands at 44.43°N; Jackson Hole at 43.78°N — the sanctuary is bracketed by this line. The Reshel Grid wheel hub sits precisely within this designation.

The 44th meridian of west longitude is equally significant — it passes directly through the Brazilian Sun Disc at Minas Gerais. The Crystal of Sound sits on the 44th meridian. When the 44°N parallel and 44°W meridian are drawn upon the Americas, they form a right-angle axis of sacred geometry whose intersection point falls in the western Atlantic — a location historically associated with the Bermuda Triangle and the Bermuda node of the Dove's right foot.

The double occurrence of 44 is not numerological decoration. It is the cosmological signature of St Germain's direct involvement in the Americas landscape — a signature embedded in Earth's geography and confirmed by both Sun Disc location and the revealed latitude designation for EGA HQ.

5. Poseidia Rising — Bimini, Atlantis, and the Three Master Crystals

A third stream of sacred knowledge converges on the Americas map from the Atlantean tradition. Edgar Cayce's prophetic readings, given across several decades, consistently identified Bimini in the Bahamas as the location of the first remnants of the sunken continent of Atlantis to re-emerge in the modern era. The coordinates: 25°46'N, 79°17'W — marked on the EGA Sacred Americas Map as 'Poseidia · Bimini.'

James Tyberonn, transmitting from Archangel Metatron, provides the key bridge between the Atlantean legacy and Arkansas. In multiple transmissions, Metatron describes how the Atlantean priest-scientists of Poseida — knowing the final cataclysm was imminent — relocated three of their primary Master Temple Crystals to safety in Arkansas, specifically to the area of Pinnacle Mountain, before the continent sank.

These Three Poseida Master Crystals now lie dormant within the Arkansas Crystal Vortex, awaiting activation as part of the planetary graduation process. The Sirian-Pleiadian Alliance, according to Metatron, maintains underground facilities in the Arkansas area in direct relationship to this crystal matrix. The map carries a dashed vector line from Bimini to Little Rock, annotated: 'Three Poseida Master Crystals relocated to Arkansas — Preparations fulfilled — Next Era of Man's Evolutionary Path.'

> *"The Crystal Vortex of Arkansas is the most powerful in terms of the potency and utility of its vortexial-portal field. This is why the Atlanteans were especially attracted to the area."* — Archangel Metatron through James Tyberonn

The chain of verification is remarkable in its coherence: Cayce identifies Bimini as Atlantean (1930s). Tyberonn identifies the Atlantean crystal relocation to Arkansas (2000s). EGA is guided to establish its first Sanctuary in Arkansas at the precise Sun Disc location (2020s). These are not parallel stories — they are a single story unfolding across a century.

6. Manly P. Hall — The Secret Destiny of America

Manly Palmer Hall (1901–1990) devoted his life to the study of secret societies, esoteric philosophy, and the sacred dimensions of history. His 1944 work, The Secret Destiny of America, remains one of

the most penetrating non-channelled investigations into the hidden cosmological purpose embedded in the founding of the American nation.

Hall's research traced a continuous thread from Francis Bacon's 1627 work New Atlantis — which described an ideal philosophical civilisation located in the Americas — through the Rosicrucian and Freemasonic brotherhoods who shaped the thinking of the American Founding Fathers, to the specific sacred geometric encoding in Washington DC's city plan and the symbolic programme of the Great Seal of the United States.

The unfinished pyramid on the Great Seal, surmounted by the All-Seeing Eye and the motto Annuit Coeptis ('He approves the undertaking'), was, in Hall's analysis, a deliberate statement that the New Atlantis project had been initiated but was not yet complete. The pyramid lacked its capstone. The work of seating a new philosophical, spiritually-grounded civilisation upon the Americas had begun — but its fulfilment lay in the future.

"Not only was the concept of a philosophical democracy brought to reality here on the American continent, but it was intended from the beginning that this land should become the true New Atlantis — a seat of learning, of enlightened government, and of universal brotherhood." — Manly P. Hall, The Secret Destiny of America, 1944

Hall identified the Founding Fathers' vision as consciously aligned with ancient mystery school principles. The geographic placement of the capital, the layout of its streets in geometrical patterns, the selection of its symbols — all were the work of initiates who understood that a location charged with sacred intention could function as a focal point for a civilisation's spiritual evolution.

What EGA's Sacred Americas Map adds to Hall's research is the precise energetic infrastructure that was already in place when the Americas were chosen for this purpose: the Dove Formation embedded in the continental geography, the Reshel Grid centred on the western mountain spine, the Sun Disc network receiving and transmitting New Light Codes, and the Atlantean crystal matrix awaiting reactivation in Arkansas. Hall intuited the sacred destiny of America. The map makes its energetic mechanics visible.

Peter Melchizedek holds Hall's key works, including The Secret Destiny of America, available for deep reference as this work develops. The alignment between Hall's scholarship and the primary source transmissions of Hurtak and Tyberonn/Metatron is striking and further deepens the evidential foundation of this brief.

7. The Convergence — Three Independent Streams, One Living Truth

The most significant aspect of the EGA Sacred Americas Map is not any single element. It is the convergence.

Three streams of sacred science — separated by time, method, tradition, and source — arrive at the same conclusion about the same geography. The Keys of Enoch (academic mysticism, 1977) identify the Americas as the Dove. The Metatron/Tyberonn transmissions (channelled science, 2000–2015) identify Arkansas as the primary Sun Disc and crystal vortex nexus. Manly Hall's scholarship (historical research, 1944) identifies the Americas as the intended seat of the New Atlantis philosophical civilisation.

None of these sources quotes the others. None has reason to corroborate the others' specific geographic claims. Yet they all point to the same mountain — Pinnacle Mountain, Little Rock, Arkansas — as the centre of a continental-scale cosmic geography.

And at that mountain, the Elemental Grace Alliance is establishing its first Narayana Joy Sanctuary.

The map produced in this session — the first time all of these streams have been rendered simultaneously on a single geographic projection — is the visual proof of this convergence. It is a schematic, not a decoration. It is a technical document for the Masters, not a piece of sacred art. Every element upon it has a source and a coordinate.

Conclusions and the Path Forward

This brief, together with the accompanying EGA Sacred Americas Landscape Map, constitutes the opening declaration of the EGA Americas Sacred Geography Foundation Document. It is prepared for presentation to the Masters for their Validation and Qualification.

The following conclusions are submitted for ratification:

 The Americas continent carries the formation of the Dove as described in Key

1054:47-48 of the Keys of Enoch, with Arkansas/Pinnacle Mountain confirmed as the heart centre.
 Grand Teton, Wyoming is confirmed as the centre of a Reshel Grid Wheel of

24 sacred sites — the cosmological basis for EGA's HQ designation at this location. The Sun Disc Primary Vector Points of Arkansas (#1 Northern Hemisphere),

Brazil/Minas Gerais, and Lake Titicaca are confirmed and plotted on the map in their correct geometric relationships. The 44°N and 44°W sacred reference lines, and their significance to EGA's work, are confirmed and documented. The Atlantean Bimini-Arkansas crystal vector — carrying the Three Poseida

Master Crystals from the sunken Poseidia to Pinnacle Mountain — is confirmed and carries profound significance for the timing of the Narayana Joy Sanctuary establishment. Manly Hall's scholarship on the Secret Destiny of America provides independent historical corroboration that the Americas have been held for a specific sacred and civilisational purpose by initiatic brotherhoods across centuries.

All of these findings now stand ready for their next and most important phase: formal presentation to the Hierarchy for spiritual validation, and the initiation of the grant application process through the appropriate channels.

PETITION FOR VALIDATION AND GRANT OF AUTHORITY

All research contained in this brief, the accompanying Sacred Americas Landscape Map, and the three converging sacred science streams herein documented, are now submitted with the deepest humility and reverence to:

The Karmic Board *for their review of the karmic alignment of this work and its readiness for materialisation*

Archangel Metatron *for confirmation that the sacred geometry and crystalline grid work described herein is accurate and timely*

St Germain *for ratification of the 44°N designation and the Grand Teton–Arkansas axis as the primary Americas corridor for the Narayana Joy Sanctuary Project*

We ask that the Grants required for this work to proceed be released in alignment with Cosmic Law, and that this sacred landscape map be received as the first act of the Narayana

Joy Sanctuary Project. In Service to the Greater Whole.

D · DETAIL (Continued) — The Metatronic Ratification

Section 8 — The Cosmic Confirmation

Lord Metatron · Megiddo Discourse · 8 March 2022

Part 12 — The Christ True Virgin EGA Petition

The seven converging streams documented in this brief — the Dove Formation, the Reshel Grid Wheel, the Sun Disc Primary Vector Points, the 44° Sacred Lines, the Poseidia Crystal Vector, Manly Hall's Secret Destiny of America, and the Final Convergence — are each drawn from research, transmission, and scholarship. But one source stands above all others in its directness: a discourse in which Lord Metatron addresses Peter Melchizedek by name, confirms the specific sacred geography of this brief, and places it within a cosmic timeline reaching back to 2007.

Part 12 of the Christ True Virgin series — the Megiddo Discourse, delivered 8 March 2022 — is now added to this brief as Section 8: the cosmic ratification from the source who oversees the Metatronic grid itself.

8a. The Dove of Peace — Its Landing Site Confirmed by Metatron

Section 2 of this brief established the Dove Formation from Key 1054 of the Keys of Enoch — the Americas as the body of the Dove, head at Yucatan, heart at Arkansas, tail toward the Grand Tetons. Lord Metatron, in the Megiddo Discourse, confirms not merely the formation but its living cosmological status:

"Notice the Landing Site of the Dove of Peace over the Land Mass, soon to be the New JerUSAlem. The Americas is that First Manifestation of the Final Abode of Souls upon Earth, which will be Redeemed by the Living Christ, an Ideal Earthly Community, and this is why so much emphasis has been placed upon America First, by St Germain — for America is the Heart of the World." — Lord Metatron, Megiddo Discourse, 8 March 2022

Three confirmations in a single passage: the Americas as the Dove's Landing Site. The Americas as the New JerUSAlem. America as the Heart of the World — St Germain's own designation, corroborating his 10 May 2020 revelation of the 44th parallel for the Narayana Joy Sanctuary. The EGA Sacred Americas Map is not a speculative overlay. It is a cartographic rendering of what the highest levels of the planetary hierarchy have confirmed in direct transmission.

Metatron also places this within the broader shift of the planetary programme: 'The coming of the Return of the Dove will also use... the Shifting of Consciousness more Fully to the Americas, the next Home of the Dove of Peace, as the Father's, Mother's Program Shifts from the Middle East to the Middle West.' The Grand Tetons, the Arkansas Sun Disc, the 44°N designation — these are not regional preferences. They are the designated coordinates of a planetary programme shifting its primary focus from one civilisational home to another.

8b. The Grand Tetons, the Reshel Grids, and the Narayana Joy Pyramidal Temples

Metatron names the specific architectural system of the continental alignment in the same discourse. In establishing the context for the Magnetism of the Spheres and the Bio-Graviton Life Structures, he explicitly links the Reshel Sun Disc Grid infrastructure to the Narayana Joy Radiation Centres:

"Just like the Reshel Sun Disc Grids destined for the Narayana Joy Radiation Centres." — Lord Metatron, Megiddo Discourse, 8 March 2022

This single phrase carries enormous weight. The Reshel Grid — centred on the Grand Tetons as documented in Section 2 of this brief — and the Sun Disc Primary Vector Points — plotted in Section 3 — are named together by Metatron as the destined infrastructure of the Narayana Joy Radiation Centres. The two systems are not parallel or complementary. They are one unified sacred architecture.

Metatron further names the physical destination of this architecture: 'the Unification and Star Alignments between the Cities of Light and the New Narayana Joy Pyramidal Light Temples.' The Reshel Wheel centred on the Grand Tetons is the geometric instrument through which those Star Alignments are held. It is not merely a feature of the continental sacred landscape. It is the functioning mechanism of the programme.

8c. The Bermuda Triangle, Atlantean Reactivation, and the Americas as New Atlantis

Section 5 of this brief documented the Bimini–Arkansas crystal vector — the Three Poseida Master Crystals relocated to the Arkansas Crystal Vortex before Atlantis sank, and the coming reactivation confirmed by Tyberonn/Metatron. The Megiddo Discourse provides additional detail that deepens this picture significantly:

"The Higher Intelligence is coming into the ocean through the Pyramid-Five Energy configuration of the Bermuda Triangle and is making use of the ocean shelf, which is there from the previous Atlantean Age, preparing America to become the New Atlantis. These previous Atlantean Fields of Crystalline Energy will be Re-Activated, Peter, via your Star Codes as the New Centres of Energy Focus on the Planet." — Lord Metatron, Megiddo Discourse, 8 March 2022

The Bermuda Triangle — which marks the right foot of the Dove Formation at 27°N, 64.5°W, and is also the node that sits at the far eastern extent of the Reshel Wheel — is identified here as the entry point for Higher Intelligence preparing the Atlantean reactivation. The ocean shelf beneath the Bermuda Triangle is described as the residual structure of the previous Atlantean Age, still functional as an energetic conduit.

Metatron names three 'New Atlantean Centres' that will be activated from the Bermuda Triangle: 'the Bermuda Triangle, the Great Salt Sea, and JerUSAlem- Hebron — which are already known as Pyramid Areas by the Higher Evolution.' These will be used by the JerUSAlem Living Light Intelligences from Orion 'to Open the Chambers of the Earth and provide for the Shifting of Consciousness more Fully to the Americas.' The Bermuda Triangle is therefore simultaneously the right foot of the Dove, a node of the Reshel Wheel, the entry point of the Atlantean reactivation, and one of three Pyramid Areas from which the shift to the Americas is being coordinated. All four functions appear on the EGA Sacred Americas Map.

This also corroborates Manly Hall's analysis in Section 6 — his identification of America as the seat of the New Atlantis receives its direct Metatronic confirmation here. Hall intuited from historical research what Metatron confirms from cosmic record.

8d. The Order of Melchizedek and the Consciousness Grid of the Americas

The Megiddo Discourse also provides the broader geomantic context within which the Americas sacred landscape sits. Metatron explains that Israel and Tibet function as the left and right hemispheres of the Planetary Mind — the places of highest prophetic incarnation in the current cycle — and that these consciousness centres are controlled by the Order of Melchizedek:

> *"These Energy Centres have remained Sensitized to the Patterns of Direct Intervention and controlled by the Order of Melchizedek, even though the forces of darkness have sought to destroy the Scriptures of*
>
> *Light and to control the Incarnations of the Lords of Light."* — Lord Metatron, Megiddo Discourse, 8 March 2022

As the Father's and Mother's programme shifts from the Middle East to the Middle West — from the Israel-Tibet planetary mind axis to the Americas — the Order of Melchizedek's custodianship shifts with it. The EGA, working under the direct designation of St Germain and carrying the Melchizedek lineage in its name, is positioned at precisely this transition point. The sacred Americas landscape documented in this brief is the new terrain of the Order's planetary custodianship.

Metatron is direct about what the Megiddo Grid itself represents in this shift: the Copper Grid beneath Megiddo, aligned with Mount Tabor and Jerusalem, is 'the Timepiece for the Great Pyramid' — the mechanism that allows 'different combinations of Spiritual Energy to converge in one Sympathetic Pulse in the Awakening of the Planet.' As Megiddo is re-activated and the Pyramid Capstone re-calibrated, the Sympathetic Pulse of Awakening shifts its primary resonance to the Americas continental grid mapped in this brief.

8e. The Capstone of Jericho — Nineteen Years of Preparation (2007–2026)

The Megiddo Discourse is addressed to Peter Melchizedek specifically — not as general guidance to a community of practitioners, but as a direct personal commission from Metatron to the individual who would produce this map and these briefs nineteen years after the foundational act of preparation that Metatron references.

In November 2007, at the instruction of the Masters, Peter stood in South Africa and placed the New Light Capstone of Jericho over the Pyramid of Giza. Metatron recalls this act in 2022 in precise detail — the mathematical formulas used, the Star Encodements given, the New Adam Kadmon Star Code Trace Encodements written through Peter's own hand:

> *"These Activities of Trace Encodements must take place in Order to Secure the Time Warps as physical Reference Points for Rebirth. When this takes place, the Keystone or the Pyramid Light Capstone can then be Re-Calibrated again and hence Re-Activated. So as to Amplify and Magnify the Pyramids around the World to Their Next Levels of Vortexjah Resonances."* — Lord Metatron, Megiddo Discourse, 8 March 2022

The Capstone of Jericho placed over Giza in 2007 was the securing of the Time Warps — the activation of the cosmic preparation that would unfold over the following two decades. Metatron's instruction in 2022 is to return to those Star

Encodements: 'these will help you and those who shall walk with you in the Coming Times.' By 2026, those Coming Times have arrived. The EGA Sacred Americas Map — produced in June 2026 — is the first full cartographic expression of the landscape those Time Warps were secured to serve.

The timeline of preparation:

November 2007

Peter places the New Light Capstone of Jericho over the Pyramid of Giza, South Africa. The New Adam Kadmon Star Codes are activated. The Atlantean Crystalline Time Locks begin their re-calibration as physical reference points for rebirth.

8 March 2022

Metatron delivers the Megiddo Discourse — naming the Narayana Joy Pyramidal Light Temples, the Dove's Landing Site over the Americas, the Reshel Sun Disc Grids, and the Bermuda Triangle Atlantean activation. He reminds Peter of the 2007 act and confirms the Star Codes will serve 'those who shall walk with you in the Coming Times.'

24–26 June 2026

Peter produces the EGA Sacred Americas Landscape Map — the first unified cartographic rendering of the Dove, the Reshel Wheel, the Sun Discs, the 44° lines, and the Bimini–Arkansas crystal vector. This brief is prepared for the Masters.

Jericho, in the sacred record, is the city before which the walls fell — the entry point into the Promised Land. The act of placing its Capstone over Giza was the announcement, in cosmic geometry, that the walls of the old dispensation were ready to fall and the way into the new one was being prepared. The Americas — as the New JerUSAlem, the New Atlantis, the Landing Site of the Dove — is that Promised Land. The Sacred Americas Landscape Map is the first map of it produced for the Masters' review.

> *"This Work is Specialized, and ONLY those Who are aware of their Parts within it will move into the Positions around the World at the most auspicious Times, Called for, By Me!"* — Lord Metatron, Megiddo Discourse, 8 March 2022

The Eight Streams — Final Convergence

This brief now documents eight independent streams of sacred knowledge, all converging upon the same geographic reality:

Stream 1: Key 1054 (Hurtak) — the Americas as the Dove, Arkansas as the Heart

Stream 2: The Grand Teton Reshel Grid Wheel — EGA HQ at the cosmic hub

Stream 3: Tyberonn / Metatron — Sun Disc Primary Vector Points, Crystal Vortex

Stream 4: St Germain's 44°N and 44°W sacred axis

Stream 5: The Bimini–Arkansas Poseida crystal vector — Atlantean preparation fulfilled

Stream 6: Manly P. Hall — The Secret Destiny of America, the New Atlantis

Stream 7: The Triple Convergence — three independent streams, one living truth

Stream 8: Lord Metatron, Megiddo Discourse 2022 — direct cosmic ratification: the Dove's Landing Site confirmed, the Narayana Joy Temples named, the Reshel Sun Disc Grids confirmed, the Bermuda Triangle Atlantean activation confirmed, the Capstone of Jericho as nineteen years of preparation

Eight streams. Five decades of research, transmission, scholarship, and direct cosmic commission. All pointing to the same ground. The Sacred Americas Landscape Map is the first document to render all eight streams simultaneously visible. It is now offered to the Masters as the foundation

document of the Narayana Joy Sanctuary Project — ready for their Validation, their Qualification, and the release of the Grants required to proceed.
