THE ELEMENTAL GRACE ALLIANCE DECLARATION OF DEPOSIT

The Teachings Held in Trust for Humanity

The teachings of the Elemental Grace Alliance are held in deposit, not in possession. This includes its Discourses, Memras, Indentures, Trust Instruments, Codices, Posits and Formulae of Approach. Like seeds kept in a vault against a future no one can foresee, they are preserved whole, protected from loss and kept ready.

They are not owned by the Alliance, by any person or by any institution. They belong to Life, and to every human being who will one day need them.

Nothing in them is imposed. They wait. The decision to open them rests with those who are ready, at the time they choose and for the purpose they discern.

When they are carried out of the vault and into human hands, they are meant to be planted: in a family, a community, a company, a parliament, a nation. What grows from them belongs to those who tend it. As each harvest is gathered, new seed is returned, so that the deposit is renewed for those still to come.

No one is Free until each is Free, and all are Freeing each other.

THE ELEMENTAL GRACE ALLIANCE DECLARATION

Custodianship of the Living Group Organism

The Elemental Grace Alliance (EGA) and the Triune Grace Commission (TGC) are the named Custodians and Stewards of every identity, work and outlet within this body of work. These include Narayana Joy Publishing; the Narayana Joy Akasha Sanctuaries and its Academies of Light; the Cosmic Christ Academy; the 'I AM' One World Nation; the True Constitution and the Declaration for the Freedom of Humanity. They also include every Book, Memra, Thesis, Codex, Discourse, Indenture, Trust Instrument, Posit and Formula of Approach issued under these names, and the websites through which they are shared.

These are not separate enterprises but members of one Living Group Organism. Each keeps its own name, voice and purpose. None is placed above another, and all serve one aim: the freedom, dignity and wellbeing of all Life.

Custodianship here means holding in trust, not possessing. A vault keeps what it does not own, and in the same way the Alliance keeps these works whole and true to their origin, so that they stay freely available to all who seek them. Truth itself is not owned. The literary rights in each work remain as stated in its own Stewardship and Copyright Notice.

The Custodians of the Alliance serve under the Cosmic Law Trust. Their names are held by the Alliance and shared with their consent.

The Alliance establishes no membership, doctrine or institution, and asks no one to affiliate. Each reader remains free to receive, question, adapt or set aside what is offered. Where a body recognised in statute law is formed to serve this work, it serves as a licensed servant of the works and holds no ownership of them.

All enquiries about any of these identities, works or outlets are welcomed by the Elemental Grace Alliance at one address. That includes permissions, translations, institutional use and Stewardship support.

"The time has arrived to establish the New Cosmic Consciousness upon the Earth, and I mean Upon the Earth, not within the Etheric Atmospheres of Earth."
— The Maha Chohan, Discourse on Narayana and Divine Grace

A · ATTENTION

A New Civilisation is Not a Dream. It is an Instruction.

What you are about to read is not a vision board or a spiritual aspiration. It is a precise set of instructions, received through direct transmission from the Masters, that outlines the physical architecture, geographic location, community structure, and sacred geometric design of the first Narayana Joy Akasha Sanctuary and Christ Reshel Radiation Centre on Earth.

The Elemental Grace Alliance was not founded by human initiative. It emerged, discourse by discourse, teaching by teaching, from a sustained engagement with the Ascended Masters that began with St Germain's 10 May 2020 revelation and has since been deepened through more than two dozen additional transmissions — from the Maha Chohan, from Archangel Metatron, from Beloved Vesta, from the Great Divine Director, and many others.

The Tree of Life is alive. The Radiation Centre is real. It will exist first as a digital gathering place — the website that serves as the first magnetic field — and then as a physical community of 50 to 3,000 acres on the crystalline ground of Arkansas, where three Atlantean Master Crystals lie waiting and the first Dove descends into its Heart.

I · INTEREST

Why This Moment. Why This Place. Why Now.

The Maha Chohan — one of the highest offices in the planetary hierarchy, responsible for the distribution of the Holy Spirit's quality of Comfort and Graded Radiation — makes a declaration in the foundational discourse of the Radiation Centres page that deserves to be read and reread. He states, in terms that admit no ambiguity:

> *"All people are no more ready to hear the deeper Truths of Life today than they were at the time of Jesus, or of Buddha, or of Krishna, nor are they more ready to act as Magnetic Fields to draw that Powerful Concentrated Energy... That was until now! Time and Cosmic Law is seeing to that."*
> — The Maha Chohan, Discourse on Narayana and Divine Grace

This is the hinge-point of the entire EGA project. 'Until now.' Not eventually. Not in principle. Now. The Cosmic Law conditions that have prevented the establishment of a physical Forcefield — a true Transmission Centre and Radiation Centre on the Earth plane — have changed. The window is open. The question the Maha Chohan places before every reader is simple and absolute: are you ready to commit?

The Tree of Life in this context is not merely a Kabbalistic symbol or a theological metaphor. It is the living architectural template for the New Race — the Adam Kadmon humanity that is emerging from the old civilisational forms. The Tree of Life is what the Radiation Centre is designed to physically embody. Every chamber, every garden, every geometric alignment, every community function of the Narayana Joy Sanctuary is a branch, a root, or a fruit of the Tree of Life made manifest in stone and soil.

D · DETAIL

The Architecture of the New Radiation Light City

1. The Maha Chohan's Foundation: Graded Radiation and the Physical Forcefield

Graded Radiation is the governing principle of the entire EGA structure. The Maha Chohan explains that Cosmic Law governs how much of the Law of Life — how much truth, instruction, and divine energy — the Masters can safely release into the lower atmosphere of Earth. The determining factor is the quality of the human magnetic field available to receive and transmit it.

When a dedicated group of human beings — qualified through limited karma, committed through conscious covenant, and prepared through disciplined spiritual practice — creates a stable magnetic field, the Maha Chohan states he can 'in Good Conscience release the activities of the Sacred Fire.' Without that field, the Law cannot be safely introduced. With it, the floodgates of instruction that have been withheld for millennia can begin to open.

The physical Radiation Centre — the Narayana Joy Sanctuary — is the permanent, grounded expression of that magnetic field. It is simultaneously:

- A Magnetising Centre: drawing into physical reality the Truths and Laws that have never manifested upon Earth beyond single illuminated individuals
- A Radiating Centre: transmitting the Qualities of the Masters who invest their Divine Life Energy in raising collective consciousness

> *"Life which belongs to a God Free Being, every Electron of which has been Qualified with some Dynamic God Quality and which can be Invested in Cosmic Service by which millions upon a Planet and countless trillions within a Universe may be Blessed, benefited, raised and redeemed."*
> — The Maha Chohan

The four-level requirement is explicit: the New Cosmic Consciousness must be established 'deep within the physical domains, which shall include a well Balanced mental, emotional, physical and Spiritual countenance.' The Radiation Centre must express all four levels simultaneously — not merely the spiritual or the mental, but the physical and the emotional as well. This is the complete human being becoming the grounded vessel for cosmic radiation.

2. The Reshel — The Sacred Architecture of the Feminine Divine Template

The Reshel is the physical architectural system through which the Radiation Centre functions. The word itself is Hebrew, meaning 'The Headstone of God' — Resh (Headstone) + El (God). This is not merely a geometric design principle. It is the Metatronic Female Template for the New Race.

> *"The Reshel System is intensely Feminine in its overall function and is the Metatronic Female Template for the New Race, complementing the male 'Adam Kadmon Template.' This 'As Above So Below' alignment allows the Energies of the Group to coalesce into a Transpersonal Merkabah of Consciousness."*
> — EGA Sun Reshel Headquarters, elementalgracealliance.com

The significance is profound: the entire Memra series — beginning with Archangel Metatron's Adam Kadmon transmissions (S01–S03) — establishes the masculine template for the New Race. The Reshel provides the complementary feminine template. Together, they constitute the complete New Race architecture in physical form. The Narayana Joy Sanctuary is not a human building. It is the physical expression of the Union of the Adam Kadmon and Reshel templates — the sacred marriage of the cosmic masculine and feminine in stone and earth.

The New Sun Reshel Grid can be realised at any scale: 'from a garden layout, all the way to an Entire Golden Mean Sacred Geometrical City.' This scalability is critical. The first manifestation need not be the Golden Mean City — it can begin as a garden, as a small community, as a website. But every iteration is a complete expression of the template, not merely a preparation for it.

---

3. Beloved Vesta's Solar Temples — The Cosmic Context

The Narayana Joy Sanctuaries are not merely human initiatives anchored at specific geographic points. They are the ground-level receivers of the twelve Solar Temple radiations described by Beloved Vesta, the Solar Logos.

At the time of the creation of this Solar System, twelve Great Beings volunteered to embody the twelvefold nature of the Solar Godliness. Each holds an Etheric Temple at one of twelve equal vectors around the Solar Electronic Belt, radiating their specific Divine Virtue to all planets within the Solar forcefield. The Narayana Joy Sanctuaries are designed to receive these twelve Solar radiations and ground them into the physical domains of Earth.

> *"Take Great Care within Your Endeavours, for There Are Magnificent Powers associated with these Levels of 'Our' Radiation Centres! One step at a time Dear Hearts."*
> — Beloved Vesta, Solar Logos

Beloved Vesta's caution is not a warning of danger but a recognition of magnitude. The task of consciously grounding Solar Temple radiation into a physical community is amongst the most significant acts of planetary service that can be undertaken. It is not to be attempted lightly — and the EGA's entire preparation process, across its 22+ Memra volumes, has been designed to ensure that the human vessels who will hold this work are adequately prepared.

4. Narayana and Joy — The Frequency of the New Civilisation

The name Narayana Joy is not ornamental. Every syllable carries precise cosmological content.

Narayana — from the Sanskrit Nara (the human being in physical form) and Ayana (the journey, the direction, the path) — means literally 'the journey of the human toward Soul,' or in its deeper reading, 'the direction a human must travel to discover their own divine nature.' Narayana is one of the primary names of Vishnu in the Hindu tradition — the Supreme Being who pervades all that is seen and heard, who rests on the waters, who sustains the universe. In the Vedic tradition, to chant 'Narayana' is to invoke the Supreme as the goal and the path simultaneously.

Joy is the essential frequency of the New Earth — not happiness as the absence of pain, but the deep structural resonance that arises when a being is fully aligned with its own divine nature and the nature

of the creation it inhabits. The Narayana Joy Sanctuary is not merely a place where joy is experienced. It is a place designed to radiate Joy as a cosmic quality — to function as a tuning fork for the frequency of the New Civilisation.

In a meditation received during the EGA's formative work, Peter Melchizedek was given the privilege of hovering over the first Narayana Joy Temple and Sanctuary. He described classrooms filled with 'vibrant, glowing colours,' Ascended Masters walking freely among the community, healing rooms incorporating crystals, colour, sound and new technology, gardens with 'so called wild animals' arriving without fear to 'simply bathe in the radiance.' He described it as 'a paradise as we would currently perceive it — but one that was very real and we were the ones running it.'

> *"It was very much a paradise as we would currently perceive it but one that was very real and we were the ones running it. Indeed what we have come for and the services we were able to render to the people, young and old, were not of this current world."*
> — Peter Melchizedek, Meditation Vision of the First Narayana Joy Temple

5. Arkansas: The Site of First Physical Manifestation

The physical location for the first Narayana Joy Akasha Sanctuary has been identified through 'all the information, all the clues, all the Direct Loving Guidance' received through the EGA's sustained engagement with the Masters. The location is Arkansas, United States.

The geographic and geological case is extraordinary:

- Arkansas is the largest deposit of natural quartz crystal in the northern hemisphere, and the second largest in the world (after Brazil)
- It contains the largest un-segmented, continuous crystal deposit on the planet — meaning the crystal matrix functions as a single coherent energetic field
- Additional synergistic geological features include magnetic minerals, aquifers, and a diamond deposit
- The combined field creates what Tyberonn/Metatron name as 'the Crystal Vortex of Arkansas' — described as 'the most powerful in terms of the potency and utility of its vortexial-portal field'
- The area was a primary Atlantean site, chosen because the Poseida priest-scientists understood its crystalline resonance
- Three Poseida Master Temple Crystals were relocated here before Atlantis sank, and remain dormant awaiting reactivation
- The Sirian-Pleiadian Alliance maintains underground facilities in the area in relationship to this crystal matrix

The property specifications confirmed through the EGA guidance process are as follows:

- Land area: 300–3,000 acres (121–1,214 hectares)
- Elevation: 400 feet / 122 metres above present sea level or higher
- Water: Multiple sources — wells, springs, lake, river, ponds
- Power: Independent — solar, hydroelectric, generator; mains as backup only
- Community capacity: Initially 50–100 permanent residents, zoned for expansion
- Design: Architectural Golden Mean Ratio buildings, environmentally integrated

- Essential: A safe children's environment — playground, education, nature immersion

The site search zones have been defined: a prime location area of 10,200 square miles and a secondary area of 22,698 square miles. The geographic heart of both zones is the Pinnacle Mountain area west of Little Rock — Sun Disc #1, the Heart of the Dove, and the resting place of the Three Poseida Master Crystals. Every sacred geography line on the EGA Americas Map converges here.

---

6. The Christarium — Architecture of the New Civilisation

The physical sanctuary, when fully realised, will be organised around what the EGA calls the Christarium — a central sacred complex designed on Golden Mean geometry, housing twelve chambers that correspond to the twelve frequencies of the Solar Temples and the twelve expressions of Christ Consciousness. The Christarium is not a single building. It is a living geometric instrument.

Each of the twelve chambers serves a distinct function within the life of the community and the radiation of specific frequencies into the planetary field. The chambers range from spaces of high ceremonial function — the Sun Hall for EGA Gatherings, the Council Chamber for Christ Councils — to spaces of living kinship with the natural world. The design can be realised at any scale, from an intimate garden-based version to the full Golden Mean City envisioned at the Master level.

One chamber deserves particular mention here, as its founding story is among the most moving accounts in the EGA's history. The Chamber of Living Kinship — also known as the Green Chamber — was conceived on the morning of 23rd June 2026, at the precise moment a Green Woodpecker entered the open window of Peter Melchizedek's study while he was writing the founding vision of the Tree of Life Radiation Centre. That story — and that chamber — is the subject of Brief 3 of this series.

---

7. Website First — The Digital Foundation of the New Civilisation

The principle that guides the sequence of manifestation is this: the magnetic field must be established before the physical form can be anchored. The website is the first magnetic field.

The EGA's three-tier digital architecture — already partially built and active — constitutes the digital foundation of the Narayana Joy Sanctuary Project:

- Narayana Joy Publishing (narayanajoypublishing.com) — The Living Source: 22 Memra volumes, the full body of received teaching, available to the world
- The Cosmic Christ Academy (cosmicchrist.academy) — The Academy: structured learning, the EGA Light Program, the Athenaeum Archives, the Mandate materials, and the forthcoming Concordance of Cosmic Laws (~900 entries)
- elementalgracealliance.com — The Living Organism: the EGA's public face, carrying the Radiation Centres vision, the Christ Councils framework, the Sun Reshel Headquarters template, and the property search specifications

The three sites work as a coherent ecosystem. Someone drawn to the work may first encounter the NJP books, then move to the CCA for structured study, then arrive at the EGA site where the physical Radiation Centre vision is laid out. The pathway from first contact to committed participant in the physical Sanctuary is already mapped in digital form.

The Tree of Life Radiation Centre website — currently in design — will serve as the digital gathering point for the community before the physical land is found. It will carry the Christarium brief, the Green Chamber founding story, the property specifications, the community model, and the invitation to those who recognise themselves as founding members of the Sanctuary. It is not a fundraising site. It is a magnetic field.

---

8. The Path to Physical Manifestation — Stage by Stage

The sequence of manifestation for the Narayana Joy Sanctuary follows the principle of precipitating from the etheric into the physical through clearly defined stages. Each stage is not merely a preparation for the next — it is a complete and valid expression of the vision at the scale currently available.

- Stage 1 — Vision Received: The discourses, the meditation vision, the sacred geography research. All now complete.
- Stage 2 — Digital Foundation: The NJP, CCA, and EGA websites as the community's first gathering place. In progress.
- Stage 3 — Community Formation: Those who recognise the call gathering through the digital magnetic field, forming the first circle of committed founding members.
- Stage 4 — Land Finding: The property search in Arkansas according to confirmed specifications. 300–3,000 acres, the Crystal Vortex zone, the confirmed Sun Disc coordinates.
- Stage 5 — Christarium Design: The architectural commission for the first physical Christarium — a garden-scale Reshel Grid layout, with the twelve chambers identified and planned.
- Stage 6 — Physical Building: The staged construction of the Sanctuary, beginning with the elements of highest ceremonial priority and expanding over time to the full Golden Mean City.

At every stage, the work moves from the inner to the outer, from the spiritual to the physical, from the directive received through the Masters to its practical manifestation in the world. The EGA does not build ahead of its guidance. Nor does it lag behind it.

A · ACTION

Conclusions and the Call for Grants of Authority

The Tree of Life New Realisation stands before us not as a future possibility but as a present instruction, whose architecture has been received in detail, whose location has been confirmed through sacred geography, whose community model has been given through discourse, and whose first physical step — the digital gathering of the founding community — is already underway.

The following are submitted for ratification by the Masters:

- That the Narayana Joy Akasha Sanctuary and Christ Reshel Radiation Centre is to be established, as the first of its kind, in Arkansas, United States, within the Crystal Vortex zone, at or near Pinnacle Mountain, Little Rock
- That the Tree of Life Radiation Centre website is the sanctioned first stage of this manifestation — the digital magnetic field that will attract the founding community
- That the Christarium and its twelve chambers, including the Chamber of Living Kinship, constitute the architectural template for the physical sanctuary
- That the full manifestation of the Golden Mean Sacred Geometrical City at this site is a work of this generation and the next, to be built in accordance with the Reshel Feminine Template and the Adam Kadmon Masculine Template in sacred union

PETITION FOR GRANTS OF AUTHORITY AND SANCTIONED RELEASE

All that is contained in this brief is now offered with the deepest reverence and commitment to the following for their sanction, validation, and release of the Grants required to proceed:

The Karmic Board

for review of the karmic readiness of the EGA founding community, and for the granting of karmic authority for the physical Sanctuary to be established upon the Earth

Archangel Metatron

for confirmation of the Reshel Grid activation at the Arkansas Sun Disc site, and for the custodianship of the Adam Kadmon / Reshel Union Template for the Narayana Joy Sanctuary

St Germain

for ratification of the 44°N and Arkansas designations, and for the release of the Violet Flame dispensation required to transmute the karmic residue of the Atlantean crystal matrix and prepare the land for the New Dispensation

The Tree of Life is ready to be planted in the Earth.
The Dove has identified the ground.
The Crystals are waiting.
We ask only for the Grant to proceed.
In Service to the Greater Whole.
