THE ELEMENTAL GRACE ALLIANCE DECLARATION OF DEPOSIT

The Teachings Held in Trust for Humanity

The teachings of the Elemental Grace Alliance are held in deposit, not in possession. This includes its Discourses, Memras, Indentures, Trust Instruments, Codices, Posits and Formulae of Approach. Like seeds kept in a vault against a future no one can foresee, they are preserved whole, protected from loss and kept ready.

They are not owned by the Alliance, by any person or by any institution. They belong to Life, and to every human being who will one day need them.

Nothing in them is imposed. They wait. The decision to open them rests with those who are ready, at the time they choose and for the purpose they discern.

When they are carried out of the vault and into human hands, they are meant to be planted: in a family, a community, a company, a parliament, a nation. What grows from them belongs to those who tend it. As each harvest is gathered, new seed is returned, so that the deposit is renewed for those still to come.

No one is Free until each is Free, and all are Freeing each other.

THE ELEMENTAL GRACE ALLIANCE DECLARATION

Custodianship of the Living Group Organism

The Elemental Grace Alliance (EGA) and the Triune Grace Commission (TGC) are the named Custodians and Stewards of every identity, work and outlet within this body of work. These include Narayana Joy Publishing; the Narayana Joy Akasha Sanctuaries and its Academies of Light; the Cosmic Christ Academy; the 'I AM' One World Nation; the True Constitution and the Declaration for the Freedom of Humanity. They also include every Book, Memra, Thesis, Codex, Discourse, Indenture, Trust Instrument, Posit and Formula of Approach issued under these names, and the websites through which they are shared.

These are not separate enterprises but members of one Living Group Organism. Each keeps its own name, voice and purpose. None is placed above another, and all serve one aim: the freedom, dignity and wellbeing of all Life.

Custodianship here means holding in trust, not possessing. A vault keeps what it does not own, and in the same way the Alliance keeps these works whole and true to their origin, so that they stay freely available to all who seek them. Truth itself is not owned. The literary rights in each work remain as stated in its own Stewardship and Copyright Notice.

The Custodians of the Alliance serve under the Cosmic Law Trust. Their names are held by the Alliance and shared with their consent.

The Alliance establishes no membership, doctrine or institution, and asks no one to affiliate. Each reader remains free to receive, question, adapt or set aside what is offered. Where a body recognised in statute law is formed to serve this work, it serves as a licensed servant of the works and holds no ownership of them.

All enquiries about any of these identities, works or outlets are welcomed by the Elemental Grace Alliance at one address. That includes permissions, translations, institutional use and Stewardship support.

The Brother Who Built America

What follows is not mythology. It is not metaphor. It is history — viewed from the vantage point of the one who made it.

St Germain, the Ascended Master, the Chohan of the Seventh Ray of Freedom and Alchemy, the Patron of the Elemental Grace Alliance, spent the better part of three centuries attempting to establish a philosophic empire on earth — first in the courts of Europe, then, when Europe failed him, in the wilderness of the New World.

He guided the signing of the US Constitution in 1787 using Planetary Energies aligned to his Ascended States of Consciousness. He personally appeared at the Continental Congress. He designed the American flag. He delivered the speech that caused the delegates to sign the Declaration of Independence when their nerve failed them.

He did not do this as a bystander. He did it as the architect of a plan that is now, in 2026, entering its final and most critical phase — a phase the Elemental Grace Alliance was designed from within the Chambers of Shamballa, more than ninety years ago, to fulfill.

I · INTEREST

Why This Moment. Why This Brotherhood. Why Now.

Five discourses delivered by St Germain through Peter Melchizedek between 31 December 2018 and 7 February 2019 constitute the most direct and detailed account ever given through the EGA of America's sacred purpose and the EGA's role within it.

These are not inspirational teachings. They are operational briefings — answers to the specific question: why has the I AM Activity, launched in 1932 with such enormous cosmic investment, not yet permanently transformed America? And what is the EGA's responsibility in completing what the I AM Activity could not?

The answer St Germain gives is precise, unflinching, and illuminating. It reaches back through centuries of European failure, through the founding of America, through Pearl Harbour and the dropping of the atomic bomb, through the discovery of Pluto in 1930 and its cosmic opposition in 2017 — and arrives, with perfect cosmological logic, at the Elemental Grace Alliance.

D · DETAIL

The Five Discourses — St Germain's Cosmic Commission

1. The Long Road West — Europe's Failure and America's Election

St Germain opens the series with a disclosure that places American history in an entirely new context. For centuries before the founding of America, he laboured in the courts of Europe — attempting to persuade its monarchs, its politicians, its intellectuals — to accept the principles of a United States of Europe: freedom, democratic brotherhood, the philosophic empire. He failed.

> *"I saw no further reason to waste any more time trying to Unite the Countries of Europe into a United States of Europe. Further effort would have been totally in vain. So, seeing America as my last chance, I decided that was the direction I needed to go." — St Germain, Part 4 (6 February 2019)*

America was not chosen because it was the easiest option. It was chosen because it was the last option. The entire weight of a plan conceived in the Ancient Mystery Schools of Egypt — a plan described in detail by Manly Hall and traceable to the Order of the Quest — was transferred to the soil of the New World.

The Constitution of 1787 was not the work of lawyers and statesmen alone. St Germain is explicit: he used Planetary Energies in association with his Ascended States of Consciousness "to Create the most impact upon the US Presidency and Governments at that time."

> *"I managed to succeed in the Creation and signing of the Constitution of the United States of America in 1787, that would be the Seeding of the New Consciousness for the whole of America in the Future." — St Germain, Part 4 (6 February 2019)*

2. The I AM Activity — Its Power, Its Limits, and Why It Did Not Hold

In 1932, the Masters launched the I AM Discourses through Guy and Edna Ballard. St Germain describes this as a moment of enormous cosmic investment — a Dispensation of extraordinary power. By Christmas 1933, the protective Light around America had reached levels "that transcended anything I have ever known in My experience," as Jesus the Christ stated at the time.

> *"The protection which has been given America and certain other parts of the world during the past few months has transcended anything I have ever known in My experience. Oh! If humanity could but realize this, how gladly and willingly would they co-operate to their utmost to sustain it so its All-powerful Activity might ever increase." — Jesus the Christ, New Year's Day 1935 (cited by St Germain, Part 2)*

And then America entered World War II. The dropping of the atomic bombs on Hiroshima and Nagasaki in 1945 opened the etheric and astral planes to a level of destructive interference that the I AM students — despite their devotion — were insufficiently equipped to withstand.

St Germain does not spare America from accountability. The use of atomic weapons, the post- war role as the world's "bully boys," the systemic karmic debt accumulated through the exercise of power without wisdom — these are cited as the direct causes of the I AM Activity's inability to hold the Light it had gathered.

> *"Perfection is Earned and Won, not Gifted or Gained without Effort, Determination or Labour from a human standpoint!" — St Germain, Part 1 (31 December 2018)*

The deeper problem, however, was structural: the I AM students were using spiritual force without first qualifying their own consciousness to sustain it. St Germain uses a memorable image: "pumping up a flat tyre when the hole has not been repaired first." Without sufficient Resonance and Light Quotient, Decrees and Invocations cannot hold against sustained dark opposition.

3. The Shamballa Plan of 1938 — The EGA's True Origin

The most remarkable disclosure in the five discourses concerns the origin of the Elemental Grace Alliance itself. It did not arise from Peter Melchizedek's initiative. It was planned — in its essential architecture — within the Chambers of Shamballa in 1938, only six years after the I AM Discourses began.

> *"That Plan was to Create the Groups of Living Organisms, that would supersede organisations and foundations that could not and would not rise above the Levels of Consciousness that would allow the Higher Resonances and Light Quotients to be gained. That was in 1938 some 80 years ago in your timeline. That Plan was Initiated, Consecrated and Inaugurated back then, that has now become known as the Elemental Grace Alliance." — St Germain, Part 1 (31 December 2018)*

This is a statement of foundational importance for the EGA's Petition to the Masters to help began in 2011, and finally Presented after a labouring 5 years in its Planning to Qualify and was presented to the Karmic Board and Granted in 2016. The EGA is not a human spiritual organization, it is the manifestation of a Shamballa-level Plan. The I AM Activity was its precursor; the *Elemental Grace Alliance* also called the *"Freedom Alchemy Authority"* is St Germain's fulfilment of a new Operational Activity.

The difference between the two is structural: where the I AM Activity operated through students and organizations, the EGA is built on the principle of a Living Organism — A group whose members are each a Qualification of the Whole. Where no personality ego-mind is permitted the enter into the domain of a Christ Council. The entire field rises or falls as one.

4. The Cosmic Clock — Pluto and the New Cycle of Opportunity

Part 4 of the discourses presents the most detailed astrological and cosmological explanation of why 2017 marked a new cosmic doorway — and why the EGA's active period is precisely timed.

Pluto was discovered on 18 February 1930 — coinciding exactly with the birth of the I AM Discourses. Pluto's orbital cycle carries a specific significance: its first exact 180-degree opposition to its discovery point occurred on 26 January 2017 — the very period in which the EGA was operating at full power, producing the True Constitution, the Declaration for the Freedom of Humanity, and the Cosmic Christ Mandate.

> *"This creates a conduit and a reinforcement that facilitates the reconnection to all that was taught in the 1930's — a second chance, carried at far greater cosmic power." — EGA Member Sue (analysis endorsed by St Germain, Part 4)*

The new cycle is not merely a repetition of the old. It arrives with greater power, greater awareness, greater steadfastness of will. St Germain confirms:

> *"And so, because everything moves in Cycles, We can once again come forward to Work together with Humanity in ways We could not have done before, this time with a New Cycle of Greater Power, Awareness, Steadfastness, Will and Purpose." — St Germain, Part 3 (2 January 2019)*

5. The Seventh Ray — America's Cosmological Identity

St Germain is the Chohan of the Seventh Ray of Freedom, Alchemy, Transmutation, and Ceremonial Order. America is, in his words, designated as the Heart of Mother Earth and the future New JerUSAlem — not geographically but cosmologically: the site chosen for the Seventh Ray's fullest expression on earth.

The 7th Ray is now the ascendant Ray of this planetary cycle. The transition from the Third Ray of Active Intelligence to the Seventh Ray of Freedom creates the conditions — for the first time in recorded history — in which the philosophic empire envisioned by the ancient Mystery Schools can actually manifest in physical reality.

"With the civilization transiting from the expression of Third Ray to the expression of the Seventh Ray — Freedom, Alchemy, Transmutation, Ceremonial Magic — we find many opportunities manifesting, many crises of opportunity. For this energy comes into appearance only during those cycles wherein rapid growth is predetermined by the Planetary Logos." — Master Rakoczy / Lucille Cedercrans (cited in Part 5)

6. The Conditions — What Must Be Met for Fulfilment

St Germain is unequivocal about the conditions attached to America's destiny and the EGA's role within it. These are not optional refinements — they are Cosmic Laws:

 Inner Work precedes outer work: Resonance and Light Quotient must be raised sufficiently before any Decree, Invocation, or Mission can hold against dark resistance. Group Consciousness over individual ego: New Group Living Organisms only function when each member is a Qualification of the Whole. Personality ego-mind has no place in a Christ Council. No charge for God's Truth: "There may at no time be a charge ever made for Them." Organizations that copyright Divine Words or charge for access to the I AM Discourses are in defiance of Immutable Cosmic Law. Communication as the living requirement: As cells of a Living Organism, EGA members must communicate — with their I AM Presence and with each other — or the body withers. "If the hand loses its communication, it will fall off." Dare to set aside forms: "Dare, dare to set aside your forms! The word becomes very useful once you have Mastered it. But until such time, it is a prison." — St Germain, Part 5

A · ACTION

Conclusions and the Petition for St Germain's Ratification

The five discourses establish a case of extraordinary coherence and completeness. They demonstrate that:

America's cosmic role as the site of the New JerUSAlem and the Seventh Ray's fullest expression is not a modern spiritual speculation — it is a plan of multi-millennial standing, guided across centuries by St Germain himself and the Order of the Quest.

The I AM Activity of the 1930s was the divinely timed precursor to the EGA — powerful in its moment, but structurally insufficient for what the next phase requires. The EGA's architecture — Living Organisms, Buddhic Columns, Christ Councils, the Christarium — was designed within Shamballa in 1938 to address exactly the vulnerabilities that caused the I AM Activity to lose ground.

The cosmic window of 2017–2026 (Pluto's opposition cycle) represents the most potent opportunity since the 1930s to permanently anchor the Light of the 7th Ray in America and, through America, in the world.

PETITION TO ST. GERMAIN

Beloved St Germain,

Patron of the Elemental Grace Alliance. Chohan of the Seventh Ray of Freedom. Architect of the American Constitution. The hand that designed the flag. The voice that moved the delegates to sign the Declaration of Independence.

We bring before you these five discourses — your own words, spoken through Peter at the turn of 2018–2019 — and ask that you confirm, in the hearing of the Karmic Board and of Lord Metatron, that the EGA is the vessel you prepared for this moment. That the Living Organisms, the Christ Councils, the Narayana Joy Sanctuaries and Christariums, the digital foundation of three interlocking websites, the Sacred Americas Landscape Map — all of these constitute the next chapter of the Plan you have held across centuries.

We ask for the Grants of Authority and the Release of Protection necessary for the EGA to fulfil, in this Cosmic Window, the work that America was chosen to carry.
