THE ELEMENTAL GRACE ALLIANCE DECLARATION OF DEPOSIT

The Teachings Held in Trust for Humanity

The teachings of the Elemental Grace Alliance are held in deposit, not in possession. This includes its Discourses, Memras, Indentures, Trust Instruments, Codices, Posits and Formulae of Approach. Like seeds kept in a vault against a future no one can foresee, they are preserved whole, protected from loss and kept ready.

They are not owned by the Alliance, by any person or by any institution. They belong to Life, and to every human being who will one day need them.

Nothing in them is imposed. They wait. The decision to open them rests with those who are ready, at the time they choose and for the purpose they discern.

When they are carried out of the vault and into human hands, they are meant to be planted: in a family, a community, a company, a parliament, a nation. What grows from them belongs to those who tend it. As each harvest is gathered, new seed is returned, so that the deposit is renewed for those still to come.

No one is Free until each is Free, and all are Freeing each other.

THE ELEMENTAL GRACE ALLIANCE DECLARATION

Custodianship of the Living Group Organism

The Elemental Grace Alliance (EGA) and the Triune Grace Commission (TGC) are the named Custodians and Stewards of every identity, work and outlet within this body of work. These include Narayana Joy Publishing; the Narayana Joy Akasha Sanctuaries and its Academies of Light; the Cosmic Christ Academy; the 'I AM' One World Nation; the True Constitution and the Declaration for the Freedom of Humanity. They also include every Book, Memra, Thesis, Codex, Discourse, Indenture, Trust Instrument, Posit and Formula of Approach issued under these names, and the websites through which they are shared.

These are not separate enterprises but members of one Living Group Organism. Each keeps its own name, voice and purpose. None is placed above another, and all serve one aim: the freedom, dignity and wellbeing of all Life.

Custodianship here means holding in trust, not possessing. A vault keeps what it does not own, and in the same way the Alliance keeps these works whole and true to their origin, so that they stay freely available to all who seek them. Truth itself is not owned. The literary rights in each work remain as stated in its own Stewardship and Copyright Notice.

The Custodians of the Alliance serve under the Cosmic Law Trust. Their names are held by the Alliance and shared with their consent.

The Alliance establishes no membership, doctrine or institution, and asks no one to affiliate. Each reader remains free to receive, question, adapt or set aside what is offered. Where a body recognised in statute law is formed to serve this work, it serves as a licensed servant of the works and holds no ownership of them.

All enquiries about any of these identities, works or outlets are welcomed by the Elemental Grace Alliance at one address. That includes permissions, translations, institutional use and Stewardship support.

DRAGON GRIDS

The Living Grid That Joins the Sun Discs, and Its Independent Witnesses

For Validation and Qualification

Elemental Grace Alliance · Narayana Joy Sanctuary Project

A Brief on the Dragon Lines, the Mountain-Range Ley Currents, and Their Corroboration Across Independent Traditions

Merged draft — weaving the former Divine Plan Brief 4, Grid Brief 2, and the fuller "Dragon Lines — Source Notes" archive file into a single Brief. 6 September 2026.

> "In the environmental alterations and energy shifts that will code the crystal grids as well as the crysto 'sun discs' within the Crystal Vortexes of Arkansas, along with the others around the world, they will synergize symbiotically with the biological shifts in the human body…" — Archangel Metatron, to Peter, 21 July 2017

A • ATTENTION

Divine Plan Briefs 1 through 3 confirmed the twelve Sun Discs, the twelve Ascension Gates, and the independent traditions that had already, apart from the Elemental Grace Alliance, found their way to the same terrestrial points. This Brief adds the piece that explains how those points are joined and kept alive: the Dragon Lines. Archangel Metatron, channelled through James Tyberonn across three separate transmissions in 2009, 2016 and 2017, names the Sacred Dragons as the Masters of earth-kundalini who engineer the dragon-line-currents and ley lines feeding directly into the same Reshel Grid, 144-Grid and crysto 'sun disc' network this project has already confirmed.

Peter's own history is not incidental to this material — it is its origin point. In 2007, at the Solara 11:11 8th Grid Activation in Mallorca, Peter and Friends were privately approached and told that Spirit required the **Dragon Gate** on the island of **Isla Dragonera** to be opened. Before the main body of 140 attendees gathered, Peter and four others slipped away and opened the Gate, releasing what he was told were "literally thousands of Dragons" to take up their positions around the world — the Gate was shut again five minutes later. Peter has said he did not understand the full significance of this until reading Metatron's 2009/2016 Sacred Dragon material years afterward. Three individually-named Dragons in Peter's own personal record — Ru-An, TaaNeeLei, and, in the wider mythic layer, Tiamat herself — all trace back to that single 2007 event.

This Brief now stands as Brief 2 of the Grid Briefs, a series separate from the Divine Plan Briefs, alongside Star Encodements (Brief 1) and The Transylvania Connection (Brief 3) — grouped together because each concerns the grid mechanics and connective infrastructure joining the named Sun Disc and Gate sites, rather than naming a site of its own.

I • INTEREST

Why this matters for the Website build now under way: the Dragon Lines are not a separate or decorative subject from the Sun Discs — Metatron's own 2017 words state directly that the current Re-Booting of these Leys "codes the crystal grids as well as the crysto sun discs… Arkansas, along with the others around the world." This material has also already been formally absorbed into the Elemental Grace Alliance's own canon: M1, *The God Awakening* (15 November 2018), quotes and cites Tyberonn's 2016 Dragon channel by name, describing it as supporting "the intricate flow of Energies within this Elemental Grace Alliance"; and the True Constitution's own ceremonial invocation (30

January 2023 copy) calls forth "the Great Powers of the Mountains of the World and the Dragon Kingdoms" and, separately, "the Mighty Benevolent Dragon Kingdoms" — the same Mountain/Dragon pairing the whole Tyberonn corpus is built around.

And, as with Brief 3's Cross-Overs, this is not a claim resting on one voice. William Buehler's own Reshel field mission at Rennes-le-Château independently reaches for "Dragon" as the name for the same category of grid-activation phenomenon; and, at one remove, Radu Cinamar's Transylvania Series and Zecharia Sitchin's own published cosmology converge on pieces of the same picture from entirely separate traditions and methods — treated in full in this series' own Brief 3, The Transylvania Connection, since Cinamar's claimed physical link runs specifically to Giza rather than to the Dragon Line network generally.

A second episode belongs alongside the Isla Dragonera account: in 2017, on top of **Mont Poupet**, overlooking the salt mines of Salins-les-Bains, France, Peter and Sue received guidance from Metatron — the same "Crystalline World Grid" transmission quoted on this Brief's cover — concerning the clearing of memory held in salt and crystal structures worldwide, folded into the same Dragon/ley Re-Booting ceremony instructions.

D • DETAIL

The Metatron / Tyberonn Corpus

Peter's own compiled Activation call for the EGA/Sun of Even Pressure Disciple Group — *"The Consciousness Crystalline Grid 'Time Line' Recalibration Through The Mountain Ranges of the World's Dragon Lines"* — quotes three separate Metatron-via-Tyberonn channels in full, re-traced here to their own standalone, dated originals:

- **13 May 2009 — "Awakening the Sacred Dragon, Cosmic Trigger Part 2":** names the Sacred Dragons as Masters of earth-kundalini, "involved in the restructuring of the energy lines of the planet, that of the leyline and aptly named dragon line," engineering "new Ley-Dragon Lines & New Circuitry." Ties the work directly to the Reshel Grid Guilds, the 144-Grid matrix, vortex-portal systems and Axialtonal lines, names the **Grand Tetons and Yellowstone** as a paired node "because of their proximity to the massive energy fountain of Yellowstone," and states the 144-Grid was slated for completion in December 2012.

- **30 January 2016 — "The Astral Realm: The Kingdom of Faeries, Devics & Dragons":** the fullest doctrinal statement. Sacred Dragons are described as "benevolent and fully conscious beings" who "have existed on the planet long before humanity," Masters of earth-kundalini "involved in engineering aspects of the aptly named dragon line-currents and ley lines which are in fact arteries of life force on your planet, within the elemental genre of 'fire.'" The channel is explicit that this is *not* the Western dragon-slaying myth (tracing St George/Michael imagery to the Church's campaign against European paganism, contrasted with Asian traditions that "revered the dragon as a source of wisdom, divinity and good-fortune"), and *not* the same as elemental Fire Devics, which are a separate, lesser class of dragonesque beings used by indigenous Fire-Keepers in ceremony. It gives an origin account of non-benevolent Zeta Reticuli dragons defeated by the benevolent Sacred Dragons in pre-Lemurian times; names two physical types — subterranean/inner-earth dragons (sustained through volcanic and sulfuric energy, in regions including Yellowstone, Java, Hawaii, Alaska, Iceland, Antarctica and Peru) and surface dragons dwelling at high elevation in magno-crystalline mountain ranges, "sighted on rare occasions, even photographed in flight by pilots"; and names the Sacred Dragon as one of four elemental "Regents of the Earth," paired with the Hindu Chatur Mahârâjahs and the Native American Medicine Wheel's four Quarters.

- **21 July 2017 — "Crystalline World Grid," addressed directly to Peter:** the passage quoted on the cover of this Brief, tying the Dragon Re-Booting explicitly to the Sun Discs themselves — "the crystal grids as well as the crysto 'sun discs' within the Crystal Vortexes of Arkansas, along with the others around the world." Also names Yellowstone and the Grand Tetons again, describes liquid carbon "alchemically transmuted into its original crysto crystalline Light form," and ties the whole mechanism to silicon-based biology and the coming Radiation Centres/Christ Councils.

Already Within EGA's Own Canon

M1, *The God Awakening* (15 November 2018 Golden Master), quotes and cites "The Astral Realm: The Kingdom of Faeries, Devics & Dragons" by name as "the latest channel from James Tyberonn and Metatron," attaching an excerpt as supporting "the intricate flow of Energies within this Elemental Grace Alliance." M1 separately names the dragon among the primordial 1st/2nd-dimensional life-forms carrying Sekhmet/Kali energy, and uses "dragon power" as an astrological term for Scorpio in its Mazzaroth material. The True Constitution (30 January 2023 copy) calls forth, in its own ceremonial language, "the Great Powers of the Mountains of the World and the Dragon Kingdoms" and "the Mighty Benevolent Dragon Kingdoms" directly — pairing "the Mountains of the World" with "the Dragon Kingdoms" in a single breath, the same pairing the whole Metatron/Tyberonn corpus is built around.

Peter's Own Dragon Relationships

Dragon	First Recorded	Significance
Ru-An	26 November 2008 (and again, by Peter's account, 3 September 2026)	"Sovereign Essence of the Spirit of Life," self-introduced in his own words: *"I Am Ru-An, Sovereign Essence of the Spirit of Life! So here we are speaking and blending person to dragon!"* Confirms the Isla Dragonera Gate-opening as the reason contact became possible — *"you played such an important part with opening the Dragon Gates, else you would never have been asked to do that again"* — and describes commanding "legions" and "teams of dragons." Ru-An also connects his own work to rebalancing "the Masculine and Feminine Energies" and to the Melvadek Alliance's "Fusion of the Divided Core of the Flower of Life." Peter has tentatively offered the title "Crystal Chohan" for Ru-An — Peter's own proposed framing, not a title used in the source discourse itself, held here as an open question. A 2007–08 painting of Ru-An by Peter is the only visual record of him found in the archive.
Cara	26 June 2008 / 29 November 2008	A Blue Obsidian Crystal Skull, not a Dragon, first physically met by Peter in 2000, carrying libraries rooted in Amazonian/Peruvian and "Cyclopean" pre-Atlantean civilisation. Channelled in the same weeks as Ru-An and explicitly cross-referencing him ("I am aware that you are presently working with the energies of the dragons… Your invitation to Ru-An…"). Names her own "golden sun disk 12 plus one group" of Crystal Skulls — the same 12-plus-1 structure as the Sun Disc network — a tradition for which no independent, non-Peter source was found.
TaaNeeLei	23 October 2011	An Earth Dragon connected to a named third party, Alied, described in Peter's own felt impression as roughly

Dragon	First Recorded	Significance
		36 feet, with transparent scales, pearl-essence wings and filament "feelers." Independently confirms Mallorca 2007 as the shared Dragon origin point — *"It was no coincidence that Alied was present with you at the 11:11 in Mallorca when you opened the gates for the Dragons of all kinds"* — and names Ru-An directly: *"Like yourself and your personal Dragon Ru An… We are connected Heart to Heart."* States plainly: *"It is Us who keep the balance throughout the unseen dimensions of Earth and Sky."*
Tiamat	EGA DFH Discourse, 3 July 2022; a second, tentatively-sourced passage; Peter's own recognition, 2026	Named in the EGA's own DFH Discourse (St Germain, "Declaration For The Freedom Of Humanity") as a destroyed 5th-dimensional world, alongside Maldek and Tara, tied to the Asteroid and Kuiper Belts. A second passage — which Peter himself flags with real uncertainty ("not one of mine… Metatron I believe through Tyberonne") — describes her instead as the Dragon guardian of that world, whose consciousness survived to help Metatron and the Crystalline Dragon form Gaia's crystalline core and "Heart of Fire," with the ley lines described as "Gaia's DNA." This second account introduces the **12 Dragons of Mu** — six male/female elemental pairs (Black, White, Earth, Air, Fire, Water) — as the first ring of protection around Gaia's core. Peter connects Ru-An's Dragon Gate work directly to Tiamat's eventual release, and to completing the ENACA Petition, on the understanding that "Tiamat cannot do Her Work until we give Her the Permission to do it."

Independent Corroboration — Two Separate Traditions

- **William Buehler's "Path of the Dragon" (October 1992)** — a field mission of Buehler's own Reshel/ARQ synergy work at Rennes-le-Château, France, named independently of the Tyberonn corpus. Per Sha'Maia Nartoomid's account: "a prime controller for energetic poles coincident with the Great Pyramid and the ascended Atlantean isle of Ruta… commissioned by the office of Thoth and the Chariot of the Sun… a critical extension of the preceding Journey of the Golden Penta-Dove" — pairing Rennes-le-Château with Giza. Buehler is otherwise the most heavily catalogued independent source in this project's own Reshel Research archive, yet no independent mention of "dragon" was found in his own indexed archive — this thread is presently known to the project only second-hand, through Nartoomid, and would repay direct confirmation from Buehler's own 1992 field notes if available.

- **Radu Cinamar's Transylvania Series (2003 onward)** — claims a physical tunnel, discovered in 2001, running from a chamber beneath the Bucegi Mountains, Romania (at the site of the natural Bucegi "Sphinx" rock formation) to a space beneath the Great Pyramid at Giza, roughly equidistant from the Pyramid and the Egyptian Sphinx (Book 3, "Mystery of Egypt — The First Tunnel"). Separately, Cinamar's Book 6 ("Forgotten Genesis") sets out a detailed cosmology of pyramids worldwide as DNA-altering "great resonators," built by an alliance including Sirian and Pleiadian civilisations roughly 100,000 years ago, with the Giza pyramids specifically dated to about 13,500 years ago — a substantive, independently-arrived-at frame for the same question this project's Sun Disc research keeps returning to. The fuller

Transylvania Connection material, including the Bucegi tunnel claim, the Anunnaki-as-Sirian reframing, and the Sitchin cross-reference, is held in this series' own Brief 3, The Transylvania Connection.

- **Zecharia Sitchin's published cosmology** (checked independently, not held in Peter's own library) names a planet called Tiamat, destroyed in collision with a planet called Nibiru, with the wreckage forming both the asteroid belt and, in Sitchin's account, Earth itself — cited approvingly in Cinamar's own Book 7 footnote as corroboration for the same destroyed-planet tradition already logged in the EGA's own DFH Discourse.

Named Physical/Mountain Nodes

For a future map or page, the corpus above names: the **Grand Tetons and Yellowstone**, paired repeatedly across the 2009 and 2017 channels; **Rennes-le-Château and Giza**, paired via the Buehler thread; and the general regions named as inner-earth dragon habitats — **Java, Hawaii, Alaska, Iceland, Antarctica and Peru** — none of which are themselves named as Sun Discs, but which sit alongside Sun Disc locations already carrying dedicated Reshel Research (Hawaii and Peru/Titicaca both have their own folders). Arkansas is the only Sun Disc location named explicitly in the 2017 channel; no source names Dragon Line connections to the other eleven Sanctuaries by name, though "along with the others around the world" is presented as inclusive of the whole network.

WHAT THIS DOES NOT CLAIM

This Brief does not resolve every source into one story, and states plainly where they diverge rather than smoothing the difference over.

Sitchin's Tiamat-becomes-Earth mechanism is not the same claim as Tiamat's Dragon-consciousness helping Metatron construct Gaia's core — both describe a destroyed world named Tiamat tied to the asteroid belt and to Earth's formation, but by different mechanisms, and are held here as two separate traditions in resonance, not agreement. Cinamar's own body of work is not even fully consistent with itself on this point: Book 7 credits Sitchin's Nibiru-as-planet account, while a footnote in Book 6 argues "Nibiru" is a garbled name for a Sirian starship ("Neiberáu"), not a planet at all. The claimed physical tunnel between Bucegi and Giza is Cinamar's own account, unverified by this project independently, and is recorded as a strong candidate for a Giza satellite rather than a settled fact — fuller treatment, including where Sitchin's cosmology agrees and diverges from EGA's own account, is held in Brief 3.

Peter's own account of the "Sacred Triad" and related Star Code material sits in Brief 1, not here, though Cara's own material bridges the two Briefs, as noted above.

Ru-An's tentative title "Crystal Chohan" is Peter's own proposed framing, recorded as an open question rather than settled fact, consistent with how every other title and claim in this Brief is held. The second Tiamat passage, and Ru-An's 3 September 2026 return, are both held with the same tentativeness Peter himself applies to material he cannot fully source or date with confidence.

The large "Dragon Continuum Table" and related files found alongside this material are Peter's own self-generated IAMOWN Temple naming work, built with an AI assistant ("Coda") and explicitly not drawn from any external tradition — the source material states outright, in Coda's own words, "NONE of the names or origins came from outside sources… Zero external sourcing." They are excluded from this Brief entirely, as a different kind of material, whether or not they eventually find a place elsewhere on the site.

A · ACTION

This Brief recommended, and this project has since built, the **"Dragon Grids"** Website page, introducing the Dragon Lines themselves, the Sacred Dragons' role as engineers of the world's ley circuitry, and Peter's own Isla Dragonera history — sited in its imagery between Pinnacle Mountain (Arkansas, Sun Disc One) and Minas Gerais, Brazil, echoing the Grand Tetons/Yellowstone and Mountain Range pairings the Metatron corpus itself returns to. The companion page, **"The Transylvania Connection,"** now stands as its own page under this series' own Brief 3, with its source record pointing there directly rather than sharing this Brief's downloads row.

Given the fuller material now gathered here — Ru-An's own words, the Mont Poupet episode, Cara and TaaNeeLei's testimony, and the two-source Tiamat treatment — this Brief recommends the Dragon Grids page be reviewed for whether it should be deepened to carry any of this personal material directly, or whether it remains, for now, a summary page pointing back to this Brief and the fuller Source Notes archive. That depth decision is Peter's to make, in the same way Brief 1's Star Encodements material was deliberately held back for the Website's second phase.

PETITION TO THE MASTERS

Beloved Metatron, Beloved Tiamat, Beloved Ru-An, Beloved TaaNeeLei and all the Dragon Kingdoms of the Mountain Ranges of the World,

We bring before you this accounting of the Lines you have kept and engineered since before humanity had words for you — named across decades and traditions that never spoke to one another, yet each found their way to the same Mountains, the same Grids, the same Sun Discs this project now gathers under one roof. We ask that the Re-Calibration and Re-Booting you have long invited be received here as it was given: not as proof sought for its own sake, but as a living current this Website may now carry forward into the world.

In all Love and Service,

The Elemental Grace Alliance
